SUMMARY OF QUALIFICATIONS

- 5 years supervisory experience, training and mentoring
- Expert in component-level electronic troubleshooting and repair
- Record of achievement and performance ahead of my peers

EXPERIENCE

Jan 2006 – present Electronic Maintenance Chief Camp Lejeune, NC

- Supervised and evaluated 15 Marines in a maintenance environment.
- Responsible for electronic repair, to include soldering, component replacement, reading schematics and troubleshooting.
- Created an electrical malfunction diagnosis guide (operating procedure) which reduced first-time repair misidentification in my platoon by 85%.
- Improved the resource utilization rate from 46% to 97.6% in less than 12 months, saving more than \$101 million.

Jan 2004 – Jan 2006 Electronic Maintenance Technician Iraq

- Upgraded training curriculum and methods, cross-trained personnel in job duties resulting in lower supervision requirements.
- As a circuit card technician fixed equipment with a cumulative value of over 1.5 million dollars.
- Able to troubleshoot circuit cards, read schematics, understands signal analysis and can decipher components using a signal generator.
- Awarded a Meritorious Mast and Meritorious Promotion to SGT, for stepping up to perform as section leader, and for maintaining a 99% test equipment operation rate, which is 7% above the expected standard.

Jan 2002 – Jan 2004 Field Radio Technician Twenty-Nine Palms, CA

- Knowledgeable and proficient in troubleshooting digital and voice radio communications equipment.
- Developed and organized a new system for the publications library making it more organized, and accessible.
- Recognized for achieving the highest Physical Training Exam score of the battalion.
